An impressive set of iron gates leads on to the stable yard, Manège and paddock land beyond.

The property also benefits from a second access from the land to the B1203 (Ashby Hill road), ideal for hacking and further access for the paddocks.

delightful formal garden to the rear; boasting a pond with fountain, together with a well equipped hexagonal Garden Retreat (with lighting, sockets, a bar with pump and a TV point) as well as a Summer House with electric lighting.

The vendors maintain that the property is efficient to run with its borehole water supply mitigating water rates, as well as 6 KW of solar panels with profitable feed-in tariff with 15 years remaining, thus keeping electricity and water heating bills to a minimum. Two log burning/multifuel stoves are well positioned to allow the throughflow of heat which compliments the oil fired central heating system, whilst double glazed windows keep the heat in.

The house boasts a smart integrated double garage which has shelving and which houses the oil fired boiler.

The house is entered via a covered porch area through a part glazed front door and into a bright and spacious central hallway which connects the kitchen and main reception rooms as well as benefitting from a coats cupboard and the staircase rising to the first floor.

To the far end of the hallway an impressive set of double doors lead to the sizeable triple aspect Drawing Room which has a set of French doors leading to a raised terrace to the rear of the house overlooking the gardens, grounds and far reaching views. This formal room features a picture rail and an inglenook style fireplace with a log burning stove. The adjacent Sitting Room is a cosy space with a multifuel stove and French doors leading to the raised terrace.

The Dining Kitchen is fitted with a neat range of farmhouse style units featuring an electric Range Cooker in a chimney style recess with a timber mantle over, as well as attractive glass fronted display units. The kitchen sink is positioned to take in the fantastic view to the rear of the house. There is space and plumbing for a dishwasher as well as a door to the adjacent and sizeable walk-in pantry which has ample shelving and space for a fridge/freezer. The attractive part glazed Garden Room adds further flow to the kitchen giving access to the raised terrace and gardens.

To the front of the house is the sizeable Home Office which is fitted with an impressive range of solid oak units to include a double sided desk, shelving and storage creating a fantastic space for working from home.

The practical and sizeable Boot Room/Utility Room is located adjacent to the Kitchen and benefits from a door to the outside as well and a range of units, a sink and drainer, coats cupboard and space and plumbing for a washing machine and a tumble drier. Of further benefit to the outdoor and equestrian nature of the property there is a WC just inside the external door. The Utility Room also links to the integrated double garage which has a pair of vehicle doors, a personnel door to the outside, a work bench and the oil fired boiler.

The stairs rise from the Entrance Hall to the sizeable and bright split-level landing with windows to the front of the house.

The spacious Main Bedroom takes in the views to the rear of the property featuring a Velux Cabrio balcony window. The room also has a walk-in dressing area fitted with an impressive range of wardrobe and drawer storage and an en suite Shower Room with a power shower.

The second bedroom is equally well equipped boasting balcony doors taking in the views and an En Suite shower room complete with a built-in dressing table.

The third and fourth double bedrooms have views to the front of the house and built in wardrobes whilst the fifth double bedroom has views to the rear of the house.

The family bathroom has been recently updated with fully tiled walls and floors and a smart contemporary bath suite to include a walk-in shower and a freestanding bath.

To the rear of the house, the gardens enjoy the fantastic views sitting just below the rear of the house, nestled in with clipped hedging and shrubs which are enhanced with garden lights on a photo cell timer. The ornamental pond with fountain provides a central feature presided over by the pretty Summer House and a newly built Garden Retreat with Bar and TV.

As an added sought-after bonus to an equestrian home, the garden and house also overlook the manège and stables. The manège has a flood light, post and rail fencing and a fibre/silica sand surface.
