The arm branches off from the Grand Union Canal at Marsworth, near the Tring reservoirs and ends at the new multi-million-pound marina at the Aylesbury Basin next to the Waterside Theatre and close to all the amenities of the town centre.

The Grand Union Canal links London to Birmingham, passing through rolling countryside, industrial towns and peaceful villages, with plenty to do along the way.

LAND VALUES

Pasture land prices in the region are 14% higher than the average as land values rose again last year, despite numerous challenges in the local market & global economy.

This once again shows the inherent resilience of agricultural land as a tangible asset.

With a wide range of potential uses, agricultural land remains an attractive investment for a diverse range of buyers. This is supported by the fact that, **in the past 5 years, land values have risen by 31%**, outperforming the FTSE 100, UK property prices and interest from savings in the bank.

These rises are driven by historically low levels of land availability, as demand continues to outstrip supply.

The land fronts the northern side of the Aylesbury Arm of the Grand Union Canal.

LEISURE & EQUESTRIAN

For the equestrian user the land is situated off a no-through road where a bridleway can be found at the end, just ½ mile away. This 2 mile bridlepath leads all the way to the Hamlet of Broughton in East Aylesbury.

To the south, walkers can enjoy the scenic Grand Union Canal towpath, which joins the Aylesbury Ring circular walk.
